

Welcome to GatherSync! 🎉

Your Personal Event Coordination Assistant

Peter has invited you to test GatherSync - a new app designed to make coordinating group events easier. This app helps you find the perfect date when everyone is available.

Quick Start Guide

Step 1: Install Expo Go

- iPhone Users:
 1. Open the App Store
 2. Search for "Expo Go"
 3. Install the app (it's free)

- Android Users:
 4. Open the Google Play Store
 5. Search for "Expo Go"
 6. Install the app (it's free)

Step 2: Open GatherSync

Option A: Scan the QR Code (Easiest!)

7. Open the Expo Go app
8. Tap "Scan QR code"
9. Point your camera at the QR code below:

Option B: Enter URL Manually

10. Open the Expo Go app

11. Tap "Enter URL manually" at the bottom

12. Copy and paste this URL:

<https://8081-ienblrj930k0x92csc3x6-a41ba8ee.manus-asia.computer>

13. Tap "Connect"

Step 3: Log In to Enable Cloud Sync

14. When GatherSync opens, you'll see a "Cloud Sync Available" banner

15. Tap the "Log In" button

16. Create an account or use OAuth (Google/GitHub)

17. After logging in, you'll be redirected back to the app

Step 4: Sync Your Events

18. You should now see "Cloud sync enabled" banner (green)

19. Tap the "Sync Now" button

20. Wait 10-20 seconds while syncing

21. You should see 2 events appear:

- **AI Guys** - Monthly flexible event
- **Guru Breakfast** - Monthly event

Step 5: Mark Your Availability

For Flexible Events (AI Guys):

22. Tap on the AI Guys event

23. Find your name in the participants list

24. Tap on your name

25. Mark the dates you're available or unavailable

26. The app will help find the best date when most people can attend

For Fixed Events (Guru Breakfast):

27. Tap on the Guru Breakfast event

28. Find your name in the participants list

29. Tap on your name

30. Select your RSVP status:

-  Attending
-  Not Attending
-  No Response (default)

Step 6: Sync Your Changes

After marking your availability or RSVP:

31. Go back to the Events list (tap the back arrow)

32. Tap "Sync Now" again

33. Your responses will be uploaded to the cloud

34. Everyone else will see your updates when they sync

Important Tips

-  **Always sync after making changes** - Your availability/RSVP won't be shared until you tap "Sync Now"
-  **Sync regularly to see updates** - Other people's responses will appear when you sync
-  **Keep Expo Go installed** - You'll need it to access GatherSync until we release the standalone app
-  **Internet connection required** - Syncing requires an active internet connection

Need Help?

If you encounter any issues:

35. Force close and reopen - Swipe up from app switcher and reopen Expo Go

36. Check your internet connection - Sync requires WiFi or mobile data

37. Contact Peter - He's testing this app and wants your feedback!

What to Test

Peter would love your feedback on:

-  Does the app load correctly?
-  Can you see the events after syncing?
-  Can you mark your availability/RSVP?
-  Do your changes sync back to other users?
-  Is the app easy to use?
-  What features would make it more useful?

Privacy & Data

- Your data is stored securely in the cloud
- Only members of your events can see your responses
- You can delete your account and data at any time
- This is a test version - please don't enter sensitive information

Thank you for testing GatherSync!

Your feedback will help make this app better for everyone.
